SIGNED LIMITED EDITION NOW ON SALE!

HISTORIC Baton Rouge *An Illustrated History*

“**H**istoric Baton Rouge proves a worthy successor and much-needed revision to Rose Myers’ *A History of Baton Rouge* and Mark Carlton’s classic *River Capital*. Sylvia Frank Rodrigue and Faye Phillips bring their considerable personal and professional talents to choose, consider, write, and reveal the content, context, and controversies of local history. Their fearlessly handled treatment of the modern era, usually concealed behind city-parish boosterism, should win them a place in the hearts and minds (and on the bookshelves and coffee tables) of Baton Rouge.”

Charles N. Elliott

Department of History and Political Science, Southeastern Louisiana University
